

18.901 Homework #1

READING : Sections §1 – §5.

Problems from the book :

Section 1 : #2, 5 (in both of these questions, you can just give the answer – a proof is not needed)

Section 2 : #1, 2, 4, 5

Section 3 : #11, 12, 15

Final Question : Does there exist a set containing all other sets? Why or why not?
